The bringing people together people

# We're Buddle Venues

We're really pleased to meet you, because with your facilities and our know-how we can bring communities together to do the things they love.

We believe passionately that venues like yours have a huge part to play in helping support and engage your local community. We can help you open up to new opportunities and additional income.

But Buddle Venues is so much more than just an Airbnb or Booking.com for communities and venues.

We're also here to work with you every step of the way, to support your local community and drive the right kind of groups and activities to your door. There are thousands of potential customers out there who'd love to hire your spaces - list with Buddle Venues and let our team start finding them and booking them in today.

# Spaces for everybody

We're proud to support facilities that can cater for every need and help create positive, active communities. Chat to us to find out how we can help make operating your venue a doddle.

# Why buddy up with us?

Here's just a few of the reasons.

**You can list your venue for free**

There are absolutely no admin or hidden fees with Buddle Venues. We'll simply take a commission and payment processing fees: and the rest of the revenue comes straight to you.

**We've worked hard to learn about leisure**

Our team have over 70 years combined experience in facility lettings and the community sector, having facilitated over 25 million visitors a year and given £20 million back to local venues.

**Happiness is guaranteed**

We don't just want you to be happy, we insist on it. That's why you can cancel your agreement with us at any time for any reason after the initial 3-month period. All we ask is 30 days' notice, which is simply designed to prevent inconvenience to Buddle users.

**We take care of (almost) everything**

Opening up and locking up are down to you. But we're here to handle every other aspect of bookings including marketing, sales, customer service, admin and payments.

**We're here for every facility**

If you've got the place, we've got the platform! From 3G pitches to classrooms, theatres, community halls, tennis courts and everything in between! Our proactive sales team works hard to reach out to every potential hirer to spread the word about your facilities and drive the best possible income for you.

**You're in overall control**

We never forget that it's your house and your rules. So you have complete control over pricing, availability and any restrictions.

**We work hard on your behalf**

People won't come to you if they don't know what you offer. That's why our sales team use everything from e-marketing to social media campaigns to drive bookings and community hirers to your door.

**We're giving 5% back to grassroots projects**

We don't just talk about bringing communities closer together. We also give 5% of our profits back in the form of grants and donations to grassroots sports and other community projects.

**We'll measure the social impact of your venue**

Our booking system will produce stats and data on how many people are using your facilities and how your venue is supporting your local community.

**We're always here to help**

Our dedicated Customer Contact Centre is open around the clock to speak to Hirers about any enquiry. We are also here for you or your operational staff to contact any time, and we offer out-of-hours support too.

# We've got hiring out your space down to a fine art

We're more than just a marketing team and a booking website, we believe in bringing communities and venues together.
